ENROLLMENT FOR VIRGINIA529 PREPAID TUITION PROGRAM EXTENDED TO APRIL 6

RICHMOND, Virginia—March 31, 2014—Due to continued interest, Virginia529 College Savings Plan has extended the annual enrollment period for the state’s prepaid college tuition program. It was due to end March 31. Families now have until midnight on Sunday, April 6 to purchase Virginia529 prePAID (prePAID) tuition contracts for children in ninth grade or younger.

“We want to ensure as many people as possible have the opportunity to enroll,” said Mary Morris, Virginia529 CEO. “As families complete their taxes, they may learn they have a refund coming that could fund part or all of a prePAID contract.”

prePAID covers in-state tuition and mandatory fees at Virginia public two- and four-year colleges and universities. Benefits may be used at other public and private colleges across the country, but payouts will differ.

Payment for contracts purchased during this enrollment period begins May 1. Participants can pay for prePAID contracts in a lump sum or in monthly installments up to June of the beneficiary’s anticipated high school graduation year.

Anyone interested in learning more can read the prePAID Program Description; calculate various contract and payment options; and enroll online at Virginia529.com through April 6, 2014.
